SCHOOL BOARD.

At the monthly meeting of the City School Board held last night Mr. L. H. Thompson presided in the absence of the chairman.

Mr. Stabler reported that the work of repairs at Seaton building had been commenced and would be finished in a few days; certain for Hallowell building were needed and after securing estimate they had been ordered at a cost of 65 cents each.

Several bills for supplies and repairs were ordered to be paid.

Mr. Yates asked for information concerning the repairs to the blackboards in Lee building, saying that the building had hardly been turned over to the board before repairs were needed. It was explained that the architect had planned slate blackboards but that this item had been changed to lessen the cost of the building and that the blackboards put in needed redressing.

The superintendent made his monthly report of the working of the schools, etc. Holiday, he said, had been given on February 22d and the Easter holiday, according to custom, would be given on Good Friday and Easter Monday; one teacher had been absent for six days by reason of sickness, but that her school had been kept open; the monthly teachers' meeting had been held and the teachers had held their meetings.

Mr. L. H. Thompson and the clerk were appointed to prepare suitable resolutions respecting the memory of the late Kosciusko Kemper, a former superintendent of the schools.

The superintendent stated that the board now has in its possession pictures of the late Dr. Ruffner, the first state superintendent of public instruction, and also of Rev. R. L. Carne, the first superintendent of public schools in this city; he wished also to secure pictures of the late W. F. Carne and K. Kemper, the other two superintendents of schools in this city, all of which would be hung upon the walls of the superintendent's office.

STEAMER LIBELED.

The Norfolk and Washington steamer Newport News, which was in collision with the British steamship Lord Roberts, off Wolf Trap light, in Chesapeake bay, during a dense fog early Tuesday morning, has filed a libel in Norfolk against the Lord Roberts, claiming \$20,000 by reason of \$10,000 damages to the Newport News as a result of collision, and loss to her owners by reason of time required for repairs. The libelant charges that the Lord Roberts was wholly responsible for the accident, by anchoring in the path of navigation and failing to either blow her fog whistle or ring her bell.

Capt. F. M. Phillips, who was in command of the steamer Newport News, has been cited to appear before the steamboat inspectors at Norfolk to show cause why his license as a master should not be suspended or revoked for not reporting the accident to the inspectors. The steamer Norfolk has taken the place of the Newport News on the Norfolk route.

HALLEY'S COMET.

Halley's comet is approaching the earth very rapidly, and, at present, is close to the sun. Owing to its proximity to that orb, the comet can only be observed near twilight. One evening about 6:30 o'clock the comet may be seen in the western sky, but it is only at this time that it becomes visible.

It is said that within a few days the newly discovered comet, "1910-B" will be visible to astronomers in this part of the world. It is returning toward our planet and it is thought that by tomorrow it can be observed by astronomers in the United States. Comet "1910-B" makes the second new comet to be discovered since the first of this year.

FINED FIVE DOLLARS.

Considerable uneasiness was caused in the northern portion of the city yesterday by a report that a cow which had died a natural death had been cut up by a colored man and sold to dealers in meat. The matter was reported to the police, and later Officer Reid arrested Sandy Richardson on the charge of placing the intestines of the dead animal within the city limits. Richardson was brought before the Police Court this morning. The accused stated that he had no intention of committing a nuisance, and thought he had gathered up everything taken from the dead cow. He further said he had disposed of the hide and the carcass, which had been quartered, to a junk dealer. Justice Caton fined Richardson \$5. People who thought it likely that they had dined on parts of the cow will experience relief when they learned the true facts in the case.

POLICE COURT.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Lucy Vincens, colored, charged with disorderly conduct, had her case continued.

A white man, charged with being drunk in the street was sent to the workhouse for 20 days.

Jennie Payne, colored, charged with stealing clothing from Sarah Johnson colored, was sent to jail for 60 days.

George Geary, charged with larceny, was held.

Sandy Richardson, colored, charged with placing a nuisance within the city limits, was fined \$5.

Charles Jones, colored, charged with disorderly conduct, was dismissed.

FOUND DEAD.

Mary Ann White, colored, was found dead at her home in the extreme northern section of the city last night. The coroner was notified and the remains were removed to Demaine & Son's undertaking establishment. The deceased was between 40 and 50 years of age. She is said to have been suffering from a cancerous affection.

SUDDEN DEATH OF MR. ZORO HILL.

Mr. Zoro Hill, who contemplated leaving Alexandria today for New York, from which port he was to travel tomorrow for Europe, became suddenly ill at his home, No. 412 Prince street, about 11 o'clock this morning as he was ascending the stairway. Drs. Moore and Delaney were hastily summoned. It was at first supposed that he was suffering from apoplexy, but the physicians diagnosed his ailment as acute Bright's disease. He became blind and his condition soon became critical. The physicians resorted to every known means to animate him, but without success, and he lingered until about 2 o'clock this afternoon when death overtook him. Mr. Hill had been in ill-health recently, and it was thought that an ocean voyage would prove beneficial to him.

The deceased was a son of the late John T. Hill, and a brother of Messrs. J. M. and F. M. and Misses Mary E. and Hattie Hill. He leaves a widow and three children—a son and two daughters. Mr. Hill was popular with all who knew him, he having been courteous and obliging in his manners and business dealings, and his death will be generally regretted. He had during the past ten years been a police commissioner from the first ward. The deceased was a member of Alexandria Lodge of Elks, Fitzgerald Council, Knights of Columbus; Alexandria Division, Ancient Order of Hibernians; Young Men's Sodality Lyceum and the Catholic Benevolent Legion.

The Knights of Columbus will meet at 9 o'clock tonight to take action in respect to his memory.

ANNIVERSARY OF BLIZZARD.

The weather today has been in marked contrast to that which prevailed one year ago when this section was in the grip of a howling blizzard. The north-west wind was blowing snow through the city in blinding clouds and the cold was intense. The scenes in Washington's wide squares were still more frigid. While the fierce winds were howling and snow was falling in the faces of the many statues in that city of magnificent distances, preparations for the inauguration of William H. Taft as president of the United States were in progress. Certain features of the programme were necessarily omitted, however, on account of the elements, and the meteorological conditions gave a decided boom to the movement which had been stated in bygone years towards selecting some other day than the fourth of March for the installation of a new president. Many persons in this city who had intended to be present when Mr. Taft was inducted into office changed their minds on account of the weather, as did hundreds of others living in the vicinity of Alexandria. The weather next day (Friday) showed but little improvement. The snow had ceased to fall, but the chilling north-west wind had in no wise abated. On the following night (Saturday) Walter F. Schmitz, the Chicago artist, became the victim of a number of his dead body having been found next morning near Rosemont station, on the confines of the city.

I. O. O. F.

The 71st anniversary of Potomac Lodge, No. 33, will be held in the Young People's Building on Monday night, March 21. The committee in charge are making arrangements for an interesting musical and literary entertainment, and during the evening a short address will be delivered by W. W. Millan, grand representative of the District of Columbia. Subject, "Our Fraternity at Home." Hill Montague, grand representative of Virginia, will also speak. His subject will be "Our Order in Virginia." John B. Goodwin, sovereign grand secretary will follow. His subject will be "Odd Fellowship in the World."

TO PAY A FRATERNAL VISIT.

Eastern Lodge of Odd Fellows of Washington will pay a fraternal visit to Sarepta Lodge of this city next Tuesday night, at which time the former lodge will confer degrees. At a recent meeting of Sarepta Lodge J. E. O. Sayer was elected representative to the Grand Lodge which will meet in Danville in May.

FUNERAL.

The funeral of the late Jeremiah J. Ryan took place from St. Mary's Church this morning at 9:30 o'clock. Rev. Father Patrick sang a mass of requiem and the interment was made in St. Mary's cemetery. The pallbearers were Messrs. Sylvester Breen, Cluise Lennon, John Sweeney, Eugene Igoe, Thomas McFarland and James Callan. A number of friends and acquaintances attended the funeral.

Among the many floral tributes was a massive design sent by the clerks in the Potomac yards. Fitzgerald Council, Knights of Columbus met last night and adopted suitable resolutions in respect to the memory of the deceased.

There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Dodge Bldg., Chicago, Ill.

A LARGE CONTRIBUTION.

Andrew Jackson Lodge, at its regular communication last night, by unanimous vote, appropriated \$2,500 to the Masonic Memorial fund. The resolution, fathered by Mr. E. E. Downham, met with enthusiastic approval and in less than ten minutes from the time of its introduction the appropriation had been made. This unselfish and generous response of the cause of their sister, or, rightly speaking, mother lodge is an evidence of fraternal friendship and cooperation, stronger than the most eloquent words could portray, and is a striking testimony of the intimate relation and warm friendship existing between the two bodies.

The contribution was uncollected by Washington Lodge and therefore, the more to be prized. On last Wednesday night, three committees were appointed to canvass business houses and individual members for contributions. These committees will meet again next Wednesday night to formulate definite plans to begin their labor. It is expected that \$50,000 will be subscribed in Alexandria city and adjacent territory, if the hopes of those interested are realized, in a local sense—there is no reason why they should not be, in a national one, as encouraging letters are being received from all parts of the country, expressing approval of the plan for the building of the Memorial Temple and offering assistance.

ARGUMENTS HEARD.

Arguments on the demurrer to the evidence in the case of Frederick Schwab against the Luna Park Company were heard before Judge J. B. Thornton in chambers this city yesterday. The company was represented by Messrs. Moore, Barbour and Keith, and the complainant by Judge J. K. M. Norton. Judge Thornton took the matter under advisement. The case was heard last week in the circuit court in Alexandria county, as was stated in the Gazette at that time, and Schwab was given a verdict for \$4,500 in his suit for \$10,000 for the loss of a foot. The defendant company demurred to the evidence, and the verdict was thereupon given subject to the court's decision in the demurrer.

A New and Important Corset Invention

Nemo Self-Reducing Corset No. 522

Introducing the Lastikops BANDLET

The new "Lastikops Bandlet" is an improved form of a Supporting and Relief Band; made of Lastikops Webbing, which, being somewhat elastic, adjusts itself to the natural curve of the abdomen and gives firm yet comfortable support from underneath.

The use of an elastic fabric for this purpose has always been desirable; but, until the invention of Lastikops Webbing, no elastic material of sufficient durability was ever in existence.

The Lastikops Bandlet Takes the Place of a Separate Abdominal Belt

Thousands of women who are striving for extreme fashionable slenderness are compelled to wear separate abdominal belts as a protection from the evils of tight lacing. Such belts are not only expensive but uncomfortable, inconvenient and bulky. The Lastikops Bandlet does all that the best abdominal belt can

do—and MORE; gives perfect comfort; and, being part of the corset, instead of being a bulky, is the greatest figure-reducer ever devised.

Nemo Self-Reducing Corset, No. 522, is a new model for average stout figures, and will be largely worn also by women of medium or even slender figure, because its superb lines and wonderful figure-reducing powers are linked with luxurious comfort.

Model No. 522 is a very great value at \$5.00; simply as a corset, saying nothing about this invaluable new feature, which does the work of the best separate abdominal belt that would cost from \$5 to \$25, and does it better.

No. 522 SELF-REDUCING, for all average and stout figures; medium built, long skirt effect, the new Lastikops Bandlet; also Lastikops Hose Supporters, of fine white cotton, sizes 19 to 36..... **\$5.00**
